

**Assist. Prof.
David Zaruk**
Faculty of
communications
Vesalius College

David is presently an Assistant Professor Adjunct in Communications at Vesalius College, VUB, and Facultés universitaires St-Louis in Brussels, a Senior Associate Research Fellow at the Institute for European Studies, VUB, specialised in EU Environmental Health Policy, and a Risk Governance Analyst at Risk Perception Management, a Brussels-based consultancy. He sits on the European Commission DG Research Ethics Panel, and frequently serves as an expert, rapporteur or evaluator for various DG Research projects. David worked twelve years in chemicals issue management for Solvay, Cefic and Burson-Marsteller. In 2001, he was one of the founders of GreenFacts, a science-based environmental-health risk communications tool for non-specialists.
